

Girl Guides of Canada presents **Extraordinary Options or Extra ops!**

An **Extra Op** is a new way of running a unit. Girls now a day are very busy with extra curricular activities, jobs, and sports but may still enjoy being a part of **Girl Guides**. The solution is to run units that specialize in one area and may only run for a part of the year.

These specialized units or Extra Op Units could be a unit on sports, drama, choral, running, adventurous, craft, angling, service...the possibilities are endless.

Extra Op units may have any number of girls and may include girls of all ages.

These units work as a team with all members giving input thus encouraging ownership.

Extra op units will still follow our **Vision**, **Mission** and **Principles** and will incorporate the **Promise and Law** into their activities.

Members of Extra Op units will follow the current POR and Safe Guide.

Extra Op units will be run by Guiders with an interest and experience in the topic, organizational skills, understand and practice risk assessment and safety management, support the Guiding Principles and beliefs and are willing to work as a team.

An Extra Op unit will be adopted by a District and Area so that the Guiders receive the same information and support that a traditional unit gets.

Are you interested in being a part of an Extra Op unit?
Are you willing to part of a team?
Are **YOU** interested?

For more information please call your Program, Camp or Promotions Director.
